1967 - 2024

We take this opportunity to welcome you to our 40th Annual Sale, we hope the last 12 months has been kind to you and that you have achieved good success with your operations. The last 12 months has seen a lot of challenges with markets and seasonal conditions. Late 2023 rain and into 2024 seen seasonal conditions turn around for most. We hope the people still affected by dry conditions receive good rain soon. Cattle prices have been very challenging with spring 2023 seeing an extreme low, prices improved early this year, but markets have been up and down each week. The forecast does look promising on both fronts from now on in.

We thank our buyers, under bidders and people who showed interest in our program during 2023 your help and support is greatly appreciated. It has been rewarding to receive great feedback from many of our clients on the use of our genetics.

Our brand here at Amos Vale is continuing to get better and better, after 57 years of breeding our 2024 draft is something we are immensely proud of. On 25th July we will offer 32 maternally focused performance bulls. We have worked hard over the last 5 years to add the extra dimension to our cattle. Our 2024 bulls show the depth and width we have been after while maintaining our custom traits of power, softness, do ability and consistency.

The Amos Vale reputation over many years for producing no fuss paddock reared bulls to thrive in any climate is still strong today. Our bulls are bred for work not for sale day and our clients know their Amos Vale bulls are ready to go, will have longevity and don't need any special attention, this breeding philosophy is something we strive to achieve, simple yet successful and the proof is in the results. Our client's success with our genetics is the single most important thing to us.

Our two new main sire lines in Cara Park Unique and Yarram Lottery have done an exceptional job. Cara Park unique has made a massive impact with many of the top bulls sired by him. Lottery Q58 has bred exceptional thickness, power and doing ease. Glory, Maximise storm and Paris have bred consistently again producing powerful performance bulls. There are a few new sire lines throughout the offering giving you the opportunity to access different genetics.

Our cow herd is something that is quite unique to us, we have always placed a massive emphasis on the maternal side of our Stud, without a good cow herd, you have got nothing. Our program is based on stacking pedigrees with consistency to ensure our bulls do the job.

Use a Whiteface Bull to add the softness, weight and do ability to your herd, Herefords are the premier breed for any crossbreeding program.

Bulls will have weights available on Sale Day. Inspection prior to sale is highly recommended or on sale day from 9am.

This year's sale format will again be by video sale and live streamed through Auctions Plus.

**BUY A AMOS VALE BULL – BREED THEM BETTER
AND TAKE YOUR PROGRAM TO THE NEXT LEVEL!!**

Regards Mark, Wendy, Matthew & Bradyn

SALE DAY SAFETY

PLEASE READ

Visitors enter pens at their own risk

At Amos-Vale all care is taken to ensure livestock pose minimum threat to our clients, our staff and us. However, we cannot predict nor guarantee their behaviour.

All the Sale Bulls have been assessed for temperament and are quiet to handle under normal circumstances.

Unfortunately sale day places abnormal pressure on bulls as they are not used to having a crowd of people around them, and so the behaviour of even the quietest bull can be unpredictable. With this in mind, we please ask that while inspecting the sale bulls you treat them with respect and don't over crowd them.

Bulls may also fight in the pens and at these times they are oblivious to people who may be in the way.

Westpac Rescue Helicopter Service

Thank You

Amos-Vale Herefords are providing complementary refreshments on Sale Day.

You are more than welcome to make a donation to this wonderful organisation on the day.

SALE INFORMATION

GST:

GST is to be added to the purchase price at the fall of the auctioneer's hammer. You will be invoiced the purchased price plus GST.

REBATE:

A 4% rebate will be offered to outside agents introducing buyers in writing 24 hours prior to the sale and settling within seven (7) days of invoicing.

CATTLE HEALTH:

See National Cattle Health Declaration on page 9 of catalogue.

All bulls have had all vaccinations and treatments in accordance with the Immune Ready Program (see page 8) and have been Tick Fever Vaccinated

FERTILITY:

All Bulls have been semen and morphology tested and soundness inspected prior to sale.

INSPECTION:

All Bulls will be penned from 9am Sale Day.

Inspections can be arranged any time prior to the sale by contacting the vendors or selling agents.

INSURANCE:

We recommend Bulls are insured against injury and death. Whilst all care will be taken with cattle awaiting delivery, they become the purchases responsibility at the fall of the hammer.

ADDITIONAL DATA:

Will be supplied on Sale Day.

ONLINE BIDDING:

Live Online Bidding is available through AuctionsPlus. SEE previous page for details or your preferred Agent.

DISCLAIMER:

While all due care and attention has been paid to accuracy in the compilation of the catalogue, the vendors nor the representatives there of assume any responsibility whatsoever for the correctness, use of, interpretation of this information on animals included in this sale catalogue. **The owners, employees, sale staff and representatives accept no liability for accidents that occur, although these are rare at cattle sales, any person attending does so at their own risk.**

CATALOGUE: *Please bring this catalogue to the sale.*

**BUY WITH
CONFIDENCE**

NEW IMMUNE READY GUIDELINES FOR CATTLE

Cattle Lots have been prepared by vaccinating the cattle, at a minimum, with the core vaccines for the class of stock being sold.

All bulls in this sale have been vaccinated for clostridial diseases, leptospirosis, pestivirus, vibriosis and infectious bovine rhinotracheitis (IBR). They have also been tested for pestivirus and are not persistently infected.

Other regionally important vaccines may have also been administered to enhance protection.

**Learn more about
Immune Ready Guidelines**
www.immuneready.net.au

T3 is the first of an exciting group of Cara Park Unique sons. Exhibiting serious sire appeal, T3 is all class with a powerful phenotype, he displays phenomenal carcass, with depth, fleshing, softness and a balanced data set across the board. He is a stylish, correct sire that has the phenotype and performance to warrant strong consideration.

Terrific Unique son again, very hard to split this guy and the previous lot he has always been a standout with massive power and volume on show. He is deep and soft with great structure and pedigree and comes from the matriarch F20 line, his dam P34 is one of our top breeding cows. His weight for age done his birth weight a bad turn. T6 is a genuine prospect.

Youngest bull of the sale, only late October born and 2nd last chance to purchase a Glory son. T43 is attractive and well balanced. Out of a prolific breeding cow in G7 who has sold 4 sons at auction and has 4 daughters retained. Don't let this guy slip, his pedigree is proven and stacked with consistency. Suited for heifer joining.
