*Welcome*

**1967 - 2026**

We would like to take this time to welcome you to our 42nd Annual Bull Sale. It's been pleasing to see the rain reach those in the north and down south.

We say a massive thank you to our buyers, underbidders and to all that are interested in our program, it is greatly appreciated.

It has been great to see some rewarding results for our clients cattle and our own commercial operation has performed extremely well again. Fertility has been extremely good which resulted in 98% and 97% pregnancy in both our stud and commercial herds.

The last 12 months has certainly been interesting to say the least from bloating cattle on clover in November to feeding in April. A very challenging time ahead for the New England Area.

We are happy with the bulls on offer, they are commercially raised and prepared to survive and drive profits in the vastly different climatic conditions. The structure, temperament, performance and do-ability is something we are very happy with in this years draft.

Due to the dry season we have had no crops or fresh grass to prepare the bulls. The bulls have been prepared on pasture, wheaten hay and palm meal 3 times a week since May 11th, they have had no grain at any stage. We are confident of the genetic potential and our goal of providing bulls ready to work is something you will value.

Bulls will have weights available on Sale Day.

**BUY AN AMOS VALE BULL - "BULLS TO BREED COW HERDS"**

Inspection prior to sale day is highly recommended or on sale day from 9.30am

Look forward to catching up with you all on sale day.

*Regards Mark, Wendy, Matthew & Bradyn*

# SALE DAY SAFETY

## PLEASE READ

**Visitors enter pens at their own risk  
Children under 16 years of age are NOT permitted in pens**

At Amos-Vale all care is taken to ensure livestock pose minimum threat to our clients, our staff and us. However, we cannot predict nor guarantee their behaviour.

All the Sale Bulls have been assessed for temperament and are quiet to handle under normal circumstances.

Unfortunately sale day places abnormal pressure on bulls as they are not used to having a crowd of people around them, and so the behaviour of even the quietest bull can be unpredictable. With this in mind, we please ask that while inspecting the sale bulls you treat them with respect and don't over crowd them.

Bulls may also fight in the pens and at these times they are oblivious to people who may be in the way.

Westpac Rescue Helicopter Service

**Thank You**

Amos-Vale Herefords are providing complementary refreshments on Sale Day.

You are more than welcome to make a donation to this wonderful organisation on the day.
